

LETICIA A. ZAVALA, ASLA
Co-Founder and President

EDUCATION

Bachelor of Science in Landscape Architecture
Texas A&M University, 1983
Master of Business, Finance, Saint Mary's University, 1993

REGISTRATION

Registered Landscape Architect - State of Texas #1457
Licensed Irrigator - State of Texas #8650

EXPERIENCE

Scope of work includes responsibility of all aspects of project management: coordination with clients and consultants, fee and proposal development; management of client budget and program requirement; contract document development: landscape schematic design, design development, coordination of construction drawings, bidding negotiations, and construction administration. Design experience includes hardscape development, grading, detailing, an in-depth knowledge of xeriscape and native plant materials and xeriscape principles and irrigation design. Past landscape construction experience also offers an in-depth knowledge of construction practices. Professional landscape architectural experience includes many commercial and residential developments, industrial projects and governmental projects.
